

**Fire Department
City of Hoover**

J.C. Wingate
Fire Chief

February 1, 2010

To Whom It May Concern:

The City of Hoover, Alabama Fire Department is proud to say that our entire firefighting fleet is built by Kovatch Mobile Equipment. The department currently operates 8 – Triple Combination Pumpers, 2 – Quint 75' Aerials and 1 – 100' Ladder Company. Being the sixth largest City in Alabama, we feel fortunate to have the best performing equipment in the area. In the past the department has tried equipment from every major fire equipment manufacturer, and when you find a combination of honesty along with great custom equipment and service – you have to stay with the winner.

Very Truly Yours,

J.C. Wingate
Fire Chief
